SUMMARY

Fresh graduate in Software and Game Development (PPLG) from SMK Wikrama Bogor with a strong lean toward design. Focused on frontend development and UI/UX translating visual ideas into clean, functional interfaces using React, Vite, and Tailwind CSS. Proficient in Figma and Adobe Photoshop for design.

WORK EXPERIENCE

CV. Gingersun Jan 2025 - June 2025

Technical Artist

- Designed UI/UX interfaces for Roblox game projects, focusing on visual clarity and user experience
- Implemented UI designs directly into Roblox, bridging the gap between design and functional in-game interface
- Contributed to the overall visual direction of game assets as part of the development team

EDUCATION

WIKRAMA VOCATIONAL HIGHSCHOOL, BOGOR 2023-2026

Software and Game Development (PPLG)
Relevant coursework includes web development (HTML, CSS, JavaScript), frameworks (React JS, Vite, Tailwind CSS, Flutter), UI/UX design (Figma, Adobe Photoshop), and game development using Unity.

CERTIFICATION

- Peserta Aktif Indonesia Game Week
- Unity Essentials
- Dicoding Belajar Dasar Pemrograman Web
- Wadhwani JobReady
- Global Game Jam by Gadas
